

# A More Excellent Way

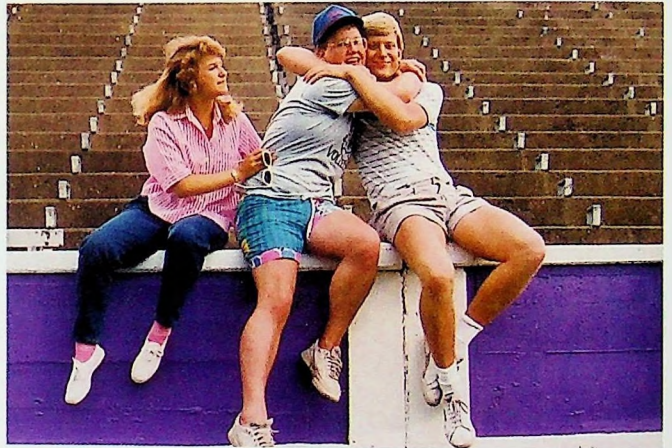

**Manhattan Christian College  
Student Directory  
1987-1988**

**"A more excellent way" has been the overriding theme throughout the 1987-88 academic year at Manhattan Christian College.**

**In everything that is accomplished here at MCC, whether spiritually or academically, the students and staff are constantly striving to find a more excellent way to do God's will. We can be confident that as these students go out into the nation and the world, their drive for excellence at MCC will carry on as they do the Lord's work.**
